

Dear Customer,

Thank you for visiting www.lostsfinder.com.au operated by A Team Tax Accountants Pty Ltd (ACN 617 544 760). We conduct searches as a registered tax agent on behalf of customers to help them locate their superannuation in various different superannuation funds.

As a result of a joint marketing effort with Wholesale Wealth Advisors Pty Ltd (ACN 635 905 243), the service we provide of locating your superannuation is completely free of charge.

In order to complete the search on your behalf, we need to collect personal information from you, specifically your Tax File Number ('TFN'). There are specific protections under the Privacy Act 1988 that protect the way we use your TFN. We have addressed that in our privacy policy, which can be found on our website [here](#) (link).

Receiving your Results

Once we have completed the search, we will generally provide you with the results via email within 1-5 Business days.

We also share the results of the search with our partner company, Wholesale Wealth Advisors Pty Ltd ('Wholesale Wealth') but we will never disclose your TFN to Wholesale Wealth. Wholesale Wealth may in the future, use your contact information to contact you and discuss financial services that could assist in matters such as consolidating your superannuation with one provider or growing your financial wealth. Our company may contact you in the future as well to offer accounting and taxation services to you, where we think they may benefit you.

The services we may contact you about in the future are not provided free of charge, and any services you may wish to engage Wholesale Wealth or us for will need to be discussed before either company will commence work. Please note, we wish to make it clear that you may refuse any of the additional services that are offered to you.
